

SEEKING *Design* EXPERIENCE?

**Learn how your creativity can enhance your career**

Join like-minded students and learn from Atlassian's Principal Designer Ben Crothers, about how simple **sketchnoting** (or visual note-taking) can be used to improve thinking, strategy and communication. You'll then put your sketching skills into action at **AgileAus18** - a conference held at Melbourne's Crown Palladium on **Monday 18 - Tuesday 19 June 2018**. It attracts some of Australia's hottest and most innovative companies, including RedBubble, Envato, Carsales, Aconex, Atlassian, Microsoft, Elabor8, AusPost, CSIRO and many more.

**HUSTLE!**

Email: [info@agileaustralia.com.au](mailto:info@agileaustralia.com.au), with the name of the uni you currently attend.

Feel free to attach anything you're working on, and be as creative as you like!
