

AgileAUS Workshops

Challenge yourself, grow your **toolkit**, and gain **powerful strategies** with these workshops led by **international** and **local thought-leaders**.

March Workshops – Melbourne: Tuesday 20 March 2018

Beyond Budgeting with Bjarte Bogsnes

Full-day workshop: 9:00am – 5:00pm

Confront the problems with traditional management – including budgeting, and learn more about the adaptive management model, Beyond Budgeting.

You will learn: how to trust and empower without losing control, and how to redefine performance with dynamic and relative targets (or no targets at all!) with a holistic performance evaluation.

Strategic agility with Steve Denning

Full-day workshop: 9:00am – 5:00pm

Learn how to create new markets and dominate them with the next frontier of Agile management.

You will learn: a playbook for generating market-creating innovations and the shift in culture that is required to achieve this.

Please note this workshop will also run in Melbourne and Sydney during the June series.

Product management bootcamp for Agile teams with Melissa Perri

Full-day workshop: 9:00am – 5:00pm

This workshop sold out in Sydney and Melbourne in 2017 – sign up to explore how an Agile team can manage continuous discovery and delivery.

You will learn: what good product management is, how to identify common goals and measure success, and how to understand users.
