AUSTRALIA 14

17 -18 JUNE 2014 | MELBOURNE CONVENTION & EXHIBITION CENTRE

EMBRACING DISRUPTION

WHAT IS AGILE? The Agile approach focuses on iterative development. Little by little, collaborative teams can build solutions for their customers faster and better than before.

WHY AGILE AUSTRALIA? Now in its sixth year, the Agile Australia Conference has become a powerhouse event for thinking businesses. Agile Australia is the place for thought leaders, practitioners, and innovative business people to learn, share, and network - offering more than 60 speakers, over four streams across two days for over 1000 delegates to choose from!

Agile Australia 2014 - *Embracing Disruption* brings the edgiest thought-leaders together with real agilists working on actual projects to expand our thinking and ways of working: at an individual and organisational level.

WHO WILL BE THERE? The Agile Australia conference brings together technology leaders from across enterprises. The audience is a mixture of project and team leaders, coaches, software developers, testers, business analysts and the executive managers of Australian businesses to share innovations and better ways of working.

This year, Agile Australia is expected to attract over 1000 delegates representing over 250 of Australia's leading organisations - from the largest enterprises specialising in telecommunications, finance, insurance to Australia's leading digital businesses.
