## - WORKSHOPS -

### COMMONWEALTH BANK'S AGILE COACHES LEADS AN INTENSIVE WORKSHOP THIS JUNE: **THE BENTO BOX CHALLENGE**

What if there was a way to help your team get unstuck, do better, collaborate better, innovate more and live to their potential? How do you combine prototyping, experimentation and facilitation techniques in a scaled environment to build a cohesive product beyond the limits and mental models of one team? And most importantly, what can you do within your circle of influence to foster this thinking and help your teams and organisation to move forward?

This facilitated workshop enables you to unleash your creative side and engage with multiple teams to collaborate, ideate, prototype, experiment, and co-create a multi-media training product based on your practical learning on the day.

You will start the day as individuals, work together as scaled teams over 5 iterations and finish as a cohesive unit with a finished Bento Box product that has a balanced selection of new concepts, techniques and skills, to take away to your organisation, train your people and recreate this experience.

If you are an Agilist with 12months + experience and want to challenge yourself to expand your perceived limits in a safe discovery and learning environment, be brave and register for this unique opportunity.

#### ABOUT WORKSHOP LEADERS

##### **Dave Bales - Agile Coach, Commonwealth Bank**

Dave Bales is one of three Certified Enterprise Coaches (CEC) in Australia, a Chartered IT Professional with 25 years' experience leading teams through some difficult projects, gnarly change initiatives, and complex Agile adoptions. He has worked with CBA over the past five years to help establish their Agile capability and transition to Agile practices and principles. In his spare time Dave also provides CSM & CSPO coaching courses, hosts and contributes to several Agile conferences and tutors 2nd year undergrads with their Agile projects.

##### **Alidad Hamidi - Agile Coach, Commonwealth Bank**

Alidad Hamidi works with leading Australian enterprises as an Agile Coach to enable agility through self-organisation, system thinking and human interaction. He has helped organisations like Medibank, Telstra, Suncorp and Commonwealth Bank in their Agile journey and is currently working with a major regulatory program with implementation of large scale Agile. Alidad believes while there is value in continuous improvement, he prefer to focus on continuous learning, trust, collaboration, co-creation, reflection and continuous empathy and courage. Alidad has presented and facilitated workshops in various agile events and meetups.

## Shane Murarenko - Senior Agile Coach, Commonwealth Bank

Shane Murarenko is a Senior Agile Coach who has been involved in the Agile community since 2008. Shane started his Agile journey driving Telstra Wholesale's first Agile initiative which ended up receiving a number of accolades. Shane helped drive Agile transformational change across a number of organisations including Medibank and NBN. More recently, Shane has spent the last two years at CBA, where he provides coaching and leadership within Digital to support 12 teams in building and sustaining Australia's #1 banking app, Commbank. Shane has presented at various Agile events and gets a kick out of helping individuals and teams achieve their outcomes.
